When it comes to supernatural intrigue, nobody does it better than New York Times bestselling author Simon R. Green. Eddie Drood, at your service. For generations my family has been keeping humanity safe from the wicked, the nasty, and the generally not-nice inhuman predators who feed on people's fear and misery. No one kicks evil arse better than us Droods-especially yours truly. In fact, my arse-kicking skills have come to the attention of the legendary Alexander King, Independent Agent extraordinaire, who spent a lifetime doing anything and everything-for the right price. Now he's on his deathbed, looking to bestow all of his priceless secrets to a worthy successor. To decide, King challenges six competitors-myself included-to solve five mysteries all around the world, figuring that along the way we'll backstab one another until only one remains. But I've got to win at all costs, because King holds the most important secret of all to the Droods: the identity of the traitor in our midst.

Everson Croft here, professor of mythology and behind-the-scenes wizard. Show me an amateur conjurer, and I'll stop him before he gets himself killed. That's the idea, anyway. But New York City isn't what it used to be, and I don't mean the recent crash. Amateur casters are calling up creatures they shouldn't be able to. And there's been a murder at the city's most hallowed cathedral, a message in blood on the victim's back the NYPD wants me to interpret, like yesterday. Something tells me I'm in over my head. And that's not just Chinatown's newest mob boss, a scary-powerful vampire, or my possessed cat talking. No matter how much magic I hurl, worse keeps chasing bad, and I'm amassing enemies like they're aluminum cans. Did I mention the end of the world might be nigh? Damn. Maybe I'm the amateur here.

As Salt City's only alchemist, Malcolm Ward has been minding his own business for the last ten years. His shop, The Village Alchemist, caters to mages, mystics, and magic wannabes-including Tommy DeLuce, the mayor's son. But when a fire elemental kills Tommy, the city council demands that Mal investigate. The trail from the fire elemental to Tommy isn't exactly a straight line; it's more like a circle. An elemental means alchemy, but everyone assumed Mal was the only alchemist in town. Now he's taking it personally. Malcolm's alchemical mojo is a bit rusty, so he'll need help from his friends in the metaphysical community to uncover the truth about Tommy's death. And he needs to do it soon, before more customers go missing.
