**Case Fair Oster Principles
Of**

Case/Fair/Oster, believe that the best way to understand how market opportunities operate and the best way to understand basic economic theory is to work through the perfectly competitive model first, including discussions of output markets (Ch. 16, goods & services) and input markets (land, labor & capital), and the connections between them,

••• Microeconomics 10th

Case & Fair, present a very precise and simplified microeconomic model first, before introducing all the exceptions and subtleties of a more complex economic world. Only after this simplified model is developed, do the authors give a thorough treatment of market imperfections, externalities, public finance, and international economics.
