Coaching Presence Building Consciousness And Coaching Presence examines how self-awareness can be built across key aspects of coaching practice, introducing a model that will help you make a conscious and deliberate choice for every approach or intervention that you use with your client. It explores how, by paying close attention to the motivations behind every coaching choice, you can minimize the unconscious negative influences and bias to produce the best outcome for the client and their wider system.

Patty de Llosa | author, life coach, teacher  
of Tai Chi ...

I found Maria's 4 Modes of Presence Model a  
particularly framework to apply to my own  
practice as a coach, as it provides a  
framework to use when considering which mode  
of presence might be particularly useful; or  
as a tool to facilitate the process of  
reflective learning. It brings coaching  
presence into consciousness.
