Holly Black is one of few who can write something as cute as it is creepy! Doll Bones is a Middle Grade novel that is full of adventure and friendship--really the only type of MG books I read and enjoy. It's the story of Zach, Poppy, and Alice who have been friends for such a long time that their friendship feels familiar even to us.

Holly Black was not an author I'd read before picking up this, and I don't think I would be rushing out to buy any more of her books. I did enjoy the book, and I thought the main strand of the storyline with the creepy doll was good - but she's no Chucky. Read more.
