In his staggeringly popular work of fiction, Dan Brown states up front that the historical information in the The Da Vinci Code is all factually accurate. But is this claim true? As historian Bart D. Ehrman shows in this informative and witty book, The Da Vinci Code is filled with numerous historical mistakes. Did the ancient church engage in a cover-up to make the man Jesus into a divine figure? Did Emperor Constantine select for the New Testament--from some 80 contending

Gospels--the only four Gospels that stressed that Jesus was divine? Was Jesus Christ married to Mary Magdalene? Did the Church suppress Gospels that told the secret of their marriage? Bart Ehrman thoroughly debunks all of these claims. But the book is not merely a laundry list of Brown's misreading of history. Throughout, Ehrman offers a wealth of fascinating background information--all historically accurate--on early Christianity. He describes, for instance, the discovery of the Dead Sea Scrolls ; outlines in simple terms how scholars of early Christianity determine which sources are most reliable; and explores the many other Gospels that have been found in the last half century. In his engaging book, Ehrman separates fact from fiction, the historical realities from the flights of literary fancy. Anyone who would like to know the truth about the beginnings of Christianity and the real truth behind The Da Vinci Code will find this book riveting.

The Da Vinci Code, Dan Brown's best selling novel, purports to be more than fiction: it claims to be based on fact and scholarly research. Brown wants his readers to believe that he is revealing the long-concealed truth about Jesus, Mary Magdalene, and early Christianity, a truth that he says has been suppressed by the malevolent and conspiratorial forces of the Catholic Church. The novel alleges that there has been throughout history a secret group of true followers of a Gnostic Jesus and his wife, Mary Magdalene, the true "Holy Grail." Almost everything most Christians and non-Christians think they know about Jesus, according to Dan Brown, is completely wrong, the result of Catholic propaganda designed to hide the truth from the world. But are The Da Vinci Code's claims fact or just plain fiction? Is the novel well-researched as claimed? What is the truth about Jesus, Mary Magdalene, and the early Church? Has the Catholic Church distorted the real Jesus? Why is the novel so popular? What about the anti-Catholic, anti-
