Glittering stage numbers showcase a commanding Barbra Streisand as Dolly Levi, a New York matchmaker who can find a mate for anyone. Anyone but herself, that is. Determined to marry wealthy Walter Matthau, she lures him out of Yonkers and sets about wooing him. Don't worry about the lack of a solid story or Gene Kelly's pedestrian direction.

"This play is a rewritten version of the play "The merchant of Yonkers" which was directed in 1938 ..."--P. [4].

Typescript, dated POST OPENING SCRIPT. Without music. Typescript is heavily marked with red and dark blue felt tip pens by videographer. Script was used by The New York Public Library's Theatre on Film and Tape Archive in 2018, when videorecording the stage production starring Bernadette Peters at the St. James Theatre, 246 West 44th Street, New York, N.Y., directed by Jerry Zaks. Peters had replaced Bette Midler in the title role.

A portrait of the late award-winning Broadway director describes his song-and-dance partnership with wife Marge, appearance in numerous Hollywood films, and work with such productions as Hello, Dolly!, Mame, and 42nd St.

In France, 1940, an unlikely pair team up to evade the approaching Nazis. Little Jacobowsky, a Polish Jewish intellectual, has been one step ahead of the Nazis for years. Stjerbinsky is an aristocratic, anti-Semitic Polish colonel who's trying to get to England. Jacobowsky has a car but can't drive; the colonel can. And so begins their adventurous journey - set against a backdrop of lively and lovely songs and dances - that takes them to a carnival, a Jewish wedding, and, when the car breaks down, onto a train. Accompanying them is Marianne, the colonel's girlfriend with whom Jacobowsky falls in love. But it is not to be.

The Princess Poliachinsky is 90 years old, admits to 75, and is imperious, outspoken and strangely preoccupied with death. Her greatest pleasure in life is attending the funerals of friends and contemporaries whom she has outlived, and she is not above helping to expedite their encounters with the grim reaper.

Gower Champion's career spanned the years during which American musical theatre was transformed from a crude popular entertainment into a sophisticated art form. As the director and choreographer of Hello, Dolly!, 42nd Street, and other Broadway musicals, he was central to that transformation. This book is the first extensive treatment of his life and contribution to dance and American musical theatre. The volume draws on the holdings of various special collections, is informed by careful analyses of Champion's scripts, and depends on information gathered through interviews with those who knew and worked with Champion throughout his legendary career.

The delightfully humane and moving Broadway production was developed by Tony Award-winning director Michael Bennett co-creator of A Chorus Line. Based on the CBS television movie The Queen of the Stardust Ballroom which starred Maureen Stapleton as aging widow Bea Asher who, having lost her beloved Morrie, begins life anew at the Stardust Ballroom, an old school Brooklyn dance palace. There she meets middle-aged mailman Al and falls in love again. Hes married. Beas children and friends advise her against starting up a romance with a married man who refuses to leave his wife but Bea, having found a new life and love decides that 'fifty percent' of someone you love is better than 'all of anybody else'.

Master the complexities of Bash shell scripting and unlock the power of shell for your enterprise Key Features Identify high-level steps such as verifying user input

Using the command line and conditional statements in creating/executing simple shell scripts Create and edit dynamic shell scripts to manage complex and repetitive tasks Leverage the command-line to bypass GUI and automate common tasks Book Description In this book, you'll discover everything you need to know to master shell scripting and make informed choices about the elements you employ. Grab your favorite editor and start writing your best Bash scripts step by step. Get to grips with the fundamentals of creating and running a script in normal mode, and in debug mode. Learn about various conditional statements' code snippets, and realize the power of repetition and loops in your shell script. You will also learn to write complex shell scripts. This book will also deep dive into file system administration, directories, and system administration like networking, process management, user authentications, and package installation and regular expressions. Towards the end of the book, you will learn how to use Python as a BASH Scripting alternative. By the end of this book, you will know shell scripts at the snap of your fingers and will be able to automate and communicate with your system with keyboard expressions. What you will learn Make, execute, and debug your first Bash script Create interactive scripts that prompt for user input Foster menu structures for operators with little command-line experience Develop scripts that dynamically edit web configuration files to produce a new virtual host Write scripts that use AWK to search and reports on log files Draft effective scripts using functions as building blocks, reducing maintenance and build time Make informed choices by comparing different script languages such as Python with BASH Who this book is for If you are a Linux administrator or a system administrator and are interested in automating tasks in your daily lives, saving time and effort, this book is for you. Basic shell scripting and command-line experience will be required. Familiarity with the tasks you need to automate will be helpful.

A New York Times Bestseller For almost a century, Americans have been losing their hearts and losing their minds in an insatiable love affair with the American musical. It often begins in childhood in a darkened theater, grows into something more serious for high school actors, and reaches its passionate zenith when it comes time for love, marriage, and children, who will start the cycle all over again. Americans love musicals. Americans invented musicals. Americans perfected musicals. But what, exactly, is a musical? In *The Secret Life of the American Musical*, Jack Viertel takes them apart, puts them back together, sings their praises, marvels at their unflagging inventiveness, and occasionally despairs over their more embarrassing shortcomings. In the process, he invites us to fall in love all over again by showing us how musicals happen, what makes them work, how they captivate audiences, and how one landmark show leads to the next—by design or by accident, by emulation or by rebellion—from *Oklahoma!* to *Hamilton* and onward. Structured like a musical, *The Secret Life of the American Musical* begins with an overture and concludes with a curtain call, with stops in between for “I Want” songs, “conditional” love songs, production numbers, star turns, and finales. The ultimate insider, Viertel has spent three decades on Broadway, working on dozens of shows old and new as a conceiver, producer, dramaturg, and general creative force; he has his own unique way of looking at the process and at the people who collaborate to make musicals a reality. He shows us patterns in the architecture of classic shows and charts the inevitable evolution that has taken place in musical theater as America itself has evolved socially and politically. *The Secret Life of the American Musical* makes you feel as though you've been there in
