History of the Low Countries | Britannica

The Low Countries are one of the world's more highly industrialized regions and have market economies that are heavily dependent upon external trade. In order to help secure and protect their trade, they were early pioneers in economic integration , forming the Belgium-Luxembourg Economic Union (BLEU) in 1921, followed after World War II by Benelux.

Low Countries | Facts, Map, & History | Britannica

What is happening in The Low Countries in 1453CE. In the 13 th and 14 th centuries there was endemic conflict between the principalities of the Low Countries, which became part of a wider struggle for dominance between the kings of England and France. Finally, at the battle of the Golden Spurs in 1302, Flanders secured its independence, and confirmed its position of leadership within the Low Countries.

Low Countries history 1648 CE — TimeMaps

Although relevant items on the area that became Belgium can be found in the sections on the medieval Low Countries and local history, the library has a collection devoted to Belgian history since the Union of Arras (1579) to the twentieth century, with a particular emphasis on the periods from the eighteenth century to the First World War.

A History of the Low Countries — Paul Arblaster — Google Books

The early settlements, the influence of religion, trade opportunities, tapestry manufacture, water management innovation, and international banking, and the expansionist rivalries of Spain, France, and England all combine to catapult a tiny population into a world power. I've toured Bruges, Brussels, Antwerp, and the Netherlands.
