Some love affairs refuse to be confined... To time. To place. To this mortal coil. This novel is based on a true story. The macabre events, such as they were, took place during the height of the Great Depression in Key West, Florida. Carl Tanzler von Cosel, an eccentric German scientist, and Elena Hoyos, a beautiful young girl, fell in love. But this is not your ordinary love affair. Some bonds endure the ravages of disease and the threat of prison, family disownment, and the devils and angels themselves. Some love affairs are stronger than death.
