The third volume--the book that made Knausgaard a phenomenon in the United States--in the addictive New York Times bestselling series A family of four--mother, father, and two boys--move to the south coast of Norway, to a new house on a newly developed site. It is the early 1970s and the family's trajectory is upwardly mobile: the future seems limitless. In painstaking, sometimes self-lacerating detail, Karl Ove Knausgaard paints a world familiar to anyone who can recall the intensity and novelty of childhood experience, one in which children and adults lead parallel lives that never meet. Perhaps the most Proustian in the series, My Struggle: Book 3 gives us Knausgaard's vivid, technicolor recollections of childhood, his emerging self-understanding, and the multilayered nature of time's passing, memory, and existence.

An autobiographical novel focuses on a young man trying to make sense of his place in the disjointed world that surrounds him.

My Struggle: Book 4 finds an eighteen-year-old Karl Ove Knausgaard in a tiny fishing village in northern Norway, where he has been hired as a schoolteacher and is living on his own for the first time. When the ferocious winter takes hold, Karl Ove--in the company of the Håfjord locals, a warm and earthy group who have spent their lives working, drinking, and joking together in close quarters--confronts private demons, reels from humiliations, and is elated by small victories. We are immersed, along with Karl Ove, in this world--sometimes claustrophobic, sometimes serenely beautiful--where memories and physical obsessions burn throughout the endless Arctic winter. In Book 4, Karl Ove must weigh the realities of his new life as a writer against everything he had believed it would be.

My Struggle: Book One introduces American readers to the audacious, addictive, and profoundly surprising international literary sensation that is the provocative and brilliant six-volume autobiographical novel by Karl Ove Knausgaard. It has already been anointed a Proustian masterpiece and is the rare work of dazzling literary originality that is intensely, irresistibly readable. Unafraid of the big issues--death, love, art, fear--and yet committed to the intimate details of life as it is lived, My Struggle is an essential work of contemporary literature.

The third volume--the book that made Knausgaard a phenomenon in the United States--in the addictive New York Times bestselling series A family of four--mother, father, and two boys--move to the south coast of Norway, to a new house on a newly developed site. It is the early 1970s and the family's trajectory is upwardly mobile: the future seems limitless. In painstaking, sometimes self-lacerating detail, Karl Ove Knausgaard paints a world familiar to anyone who can recall the intensity and novelty of childhood experience, one in which children and adults lead parallel lives that never meet. Perhaps the most Proustian in the series, My Struggle: Book 3 gives us Knausgaard's vivid, technicolor recollections of childhood, his emerging self-understanding, and the multilayered nature of time's passing, memory, and existence.

An exhilarating story of ambition, joy and failure in early manhood from the international phenomenon, Karl Ove Knausgaard As the youngest student to be admitted to Bergen's prestigious Writing Academy, Karl Ove arrives full of excitement and writerly aspirations. Soon though, he is stripped of his youthful illusions. His writing is revealed to be puerile and clichéd, and his social efforts are a dismal failure. He drowns his shame in drink and rock music. Then, little by little, things begin to change. He falls in love, gives up writing and the beginnings of an adult life take shape. That is, until his self-destructive binges and the irresistible lure of the writer's struggle pull him back. "Breathtaking... Knausgaard has a rare talent for making everyday life seem fascinating" The Times

"A six-volume work of fiction by the Norwegian author Karl Ove Knausgaard"--

"A six-volume work of fiction by the Norwegian author, Karl Ove Knausgaard"--

The fourth part of a sensational literary cycle that has been hailed as "perhaps the most important literary enterprise of our times." --Rachel Cusk, Guardian 18 years old and fresh out of high school, Karl Ove Knausgaard moves to a tiny fisherman's village far north of the polar circle to work as a school teacher. He has no interest in the job itself -- or in any other job for that matter. His intention is to save up enough money to travel while finding the space and time to start his writing career. Initially everything looks fine: He writes his first few short stories, finds himself accepted by the hospitable locals and receives flattering attention from several beautiful local girls. But then, as the darkness of the long polar nights start to cover the beautiful landscape, Karl Ove's life also takes a darker turn. The stories he writes tend to repeat themselves, his drinking escalates and causes some disturbing blackouts, his repeated attempts at losing his virginity end in humiliation and shame, and to his own distress he also develops romantic feelings towards one of his 13-year-old students. Along the way, there are flashbacks to his high school years and the roots of his current problems. And then there is the shadow of his father, whose sharply increasing alcohol consumption serves as an ominous backdrop to Karl Ove's own lifestyle.

The New York Times bestseller. "This book is full of wonders...Loose teeth, chewing gum, it all becomes noble, almost holy, under Knausgaard's patient, admiring gaze. The world feels repainted." The New York Times From the author of the monumental My Struggle series, Karl Ove Knausgaard, one of the masters of contemporary literature and a genius of observation and introspection, comes the first in a new autobiographical quartet based on the four seasons. 28 August. Now, as I write this, you know nothing about anything, about what awaits you, the kind of world you will be born into. And I know nothing about you... I want to show you our world as it is now: the door, the floor, the water tap and the sink, the garden chair close to the wall beneath the kitchen window, the sun, the water, the trees. You will come to see it in your own way, you will experience things for yourself and live a life of your own, so of course it is primarily for my own sake that I am doing this: showing you the world, little one, makes my life worth living. Autumn begins with a letter Karl Ove Knausgaard writes to his unborn daughter, showing her what to expect of the world. He writes one short piece per day, describing the material and natural world with the precision and mesmerising intensity that have become his trademark. He describes with acute sensitivity daily life with his wife and children in rural Sweden, drawing upon memories of his own childhood to give an inimitably tender perspective on the precious and unique bond between parent and child. The sun, wasps, jellyfish, eyes, lice--the stuff of everyday life is the fodder for his art. Nothing is too small or too vast to escape his attention. This beautifully illustrated book is a personal encyclopaedia on everything from chewing gum to the stars. Through close observation of the objects and phenomena around him, Knausgaard shows us how vast, unknowable and wondrous the world is.
