**SOCIOLOGY: A GLOBAL PERSPECTIVE**, Enhanced International Edition, introduces you to the concepts and theories of sociology, demonstrates how they can be used to think about the most significant and pressing global issues of our day, and uses powerful visual images to illustrate their impact on individuals, local communities, and society. The enhanced seventh edition has been substantially updated to reflect the current global economic crisis.

"**SOCIOLOGY: A GLOBAL PERSPECTIVE**, Eighth Edition, is a brief introduction to sociology paperback text that uses sociological concepts and theories to analyze the most compelling and significant issues of our day, which happen to be global. Issues covered include the proposed and existing border fences that separate Mexico from the United States, the disparities between the world's richest and poorest countries, the century-long Palestinian-Israeli conflict, McDonaldization, and the

planet's dependence on fossil fuels. This approach demonstrates sociology's analytical power for thinking about personal, local, national, but especially global issues and events."--Pub. desc.

This text is the leader in the global perspective segment of the introduction to sociology market. Eleven of the 16 chapters incorporate an example highlighting important and long-standing interconnections between the United States and some other country or countries. Five chapters highlight interconnections across national borders but in a more general way. Such extended examples mean that the core sociological concepts and theories are not presented in an encyclopedia-like way. Rather, the example becomes the vehicle for weaving together and applying key concepts and theories to issues confronting the United States and the world.

Reflecting the latest data and theoretical literature available, **RACE AND ETHNIC RELATIONS: AMERICAN AND GLOBAL PERSPECTIVES**, 10e tackles diversity issues from both the American and global perspective, offering an in-depth exploration of today's globally diverse world. The text's expansive coverage of race and ethnic relations across the globe highlights major points of difference and similarity between the United States and a number of other societies, as well as includes a unique case study comparing four different countries. This unique comparative approach is vital with the increasing ethnic diversity in most contemporary societies as well as the prominence of ethnic conflicts in virtually all world regions. Current statistics, figures, maps, and citations provide up-to-the-minute insight. The Tenth Edition also includes an all-new chapter devoted to Arab Americans. In addition, end-of-chapter critical-thinking questions encourage readers to think in a sociological mode and examine current issues using concepts presented in the text. The Second Edition of this popular textbook has been conceptually reworked to take account of the instabilities underlying the project of global development. While the conceptual framework of viewing development as shifting from a national, to a global, project remains, new issues such as the active engagement in the development project by Third World elites and peoples are considered. The first four chapters cover the rise and fall of the "development project" around the world. The next three cover the period of globalization, from the mid 1980s onwards. The final two chapters rethink globalization and development for the 21st century. Throughout, extensive use is made of case studies.

This student study tool contains both brief and detailed chapter outlines, chapter summaries, learning objectives, a list of key terms, mini-assignments to guide reading, Internet and InfoTrac exercises, and practice tests consisting of 20-25 multiple-choice questions, 10-15 true/false questions, 3-5 fill-in-the-blank and short-answer questions, and 3-5 critical thinking questions. All multiple-choice, true/false, fill-in-the-blank and short-answer questions include answer explanations and page references to the text.

**SOCIOLOGY: A GLOBAL PERSPECTIVE**, Enhanced Seventh Edition, is a brief introduction to sociology paperback text that uses sociological concepts and theories to analyze the most compelling and significant issues of our day, which happen to be global. Issues covered include the proposed and exiting border fences that separate Mexico from the United States, the disparities between the world's richest and poorest countries, the century-long Palestinian-Israeli conflict, McDonaldization, and the planet's dependence on fossil fuels This approach demonstrates sociology's analytical power for

thinking about personal, local, national, but especially global issues and events. The enhanced seventh edition has been substantially updated to reflect the current global economic crisis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones
