In popular culture, anal sex is often thought of as strictly a female receptive act—receptive to a penis, that is. Truth is, there's a wide range of anal pleasure to be had for people of all genders. In Between the Cheeks, that range is explored, savored, enjoyed. Each element of preparation, from fantasy and anticipation to tension, humiliation, curiosity and sheer delight, is drawn out, while all kinds of touch get their due. I hope these stories excite, arouse and encourage you to explore anal eroticism—talking and fantasizing about it, as well as engaging in it, with whatever body parts and sex toys (and plenty of lube!) you desire.

From a distinctly female perspective, lovers — committed and otherwise — explore the many ways oral sex can be an act of love, tenderness, and devotion, or a pure and unabashed sexual act. Readers will revel in the emotion and sensuality of this collection of stories, written by some of today's top erotica writers with the aim of creating full arousal.

Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners and experienced lovers.'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner
