The following review is my
honest opinion of The God
Gene Chronicles: The Secret
of the Gods by Projesh
Banerjea. Can we talk about
this cover?! Like for real,
this is the coolest cover
ever! The storyline was
great, some of the
characters could have used a
bit more background, some of
the places could have been
developed more.

In The God Gene Chronicles:
The Secret of the Gods by
Projesh Banerjea, the story
follows one boy, who is the
critical link between
Hinduism and Buddhism, as he
bridges the world of Gods
and humans. While these two
religions make up nearly 20%
of the world's population,
there is a lack of
protagonists to represent
these cultures in the media.
