a veterinary surgeon,  
who must first carry  
out a clinical  
assessment of the  
animal under his or  
her care.

## **4. Veterinary medicines - Professionals**

A standard veterinary  
prescription is valid  
for up to 6 months  
from the date signed

# Download File PDF Veterinary

on the prescription. A vet may specify a shorter expiry date; however, this should be for clinical reasons only. The only exception is for controlled drugs, and in these cases a veterinary prescription is typically valid for 28 days from the date signed on the prescription.
