But Tufty was not just a member of the family, he was a member of the Team at Victoriana. His passing has touched us all ¶ both present and past staff. Since he came into our lives in August 2011 Tufty has come to work virtually every day; never too far from Serena save for lunchtimes ¶ a time when he could persuade a snack or two from most. As many know, the last few years have been more ...

In the history of the United Kingdom, the Victorian era was the period of Queen Victoria's reign, from 20 June 1837 until her death on 22 January 1901. The era followed the Georgian period and preceded the Edwardian period, and its later half overlaps with the first part of the Belle Époque era of Continental Europe. Morally and politically, this period began with the passage of the Reform ...

Victoriana definition is - materials concerning or characteristic of the Victorian age; also : a collection of such materials.

In Victoriana, leading feminist cultural critic Cora Kaplan reflects on our modern obsession with Victorian culture. She considers evocations of the nineteenth century in literature (The French Lieutenants' Woman by John Fowles, Possession by A. S. Byatt, Nice Work by David Lodge, The Master by Colm Tóibín, Fingersmith by Sarah Waters, The Line of Beauty by Alan Hollinghurst), film (Jane Campion's The Piano), and biography (Peter Ackroyd's Dickens). Why, she asks, does Jane Eyre still evoke tears and rage from its readers, and why has Henry James become fiction's favorite late-Victorian author? Within Victoriana, Kaplan argues, lies a modern history of its own that reflects the shifting social and cultural concerns of the last few decades. Distance has lent a sense of antique charm and exoticism to even the worst abuses of the period, but it has also allowed innovative writers and filmmakers to use Victorian settings and language to develop a new and challenging aesthetic. Issues of class, gender, empire, and race are explored as well as the pleasures and dangers of imitating or referencing narrative forms, individual histories, and belief systems. As Kaplan makes clear, Victoriana can be seen as a striking example of historical imagination on the move, restless and unsettled.

Black Victorians/Black Victoriana is a welcome attempt to correct the historical record. Although scholarship has given us a clear view of nineteenth-century imperialism, colonialism, and later immigration from the colonies, there has for far too long been a gap in our understanding of the lives of blacks in Victorian England. Without that understanding, it remains impossible to assess adequately the state of the black population in Britain today. Using a transatlantic lens, the contributors to this book restore black Victorians to the British national picture. They look not just at the ways blacks were represented in popular culture but also at their lives as they experienced them—as workers, travelers, lecturers, performers, and professionals. Dozens of period photographs bring these stories alive and literally give a face to the individual stories the book tells. The essays taken as a whole also highlight prevailing Victorian attitudes toward race by focusing on the ways in which empire building spawned a "subculture of blackness" consisting of caricature, exhibition, representation, and scientific racism absorbed by society at large. This misrepresentation made it difficult to be both black and British while at the same time it helped to construct British identity as a whole. Covering many topics that detail the life of blacks during this period, Black Victorians/Black Victoriana will be a landmark contribution to the emergent field of black history in England.

"Black Neo-Victoriana is the first book-length study on contemporary re-imaginings of Blackness in the long nineteenth century. Located at the intersections of postcolonial studies, Black studies, and neo-Victorian criticism, this interdisciplinary collection engages with the global trend to reimagine and rewrite Black Victorian subjectivities that have been continually marginalised in both historical and cultural discourses. Contributions cover a range of media, from novels and drama to film, television and material culture, and draw upon cultural formations such as Black fandom, Black dandyism, or steamfunk. The book evidences how neo-Victorian studies benefits from reading re-imaginings of the long nineteenth century vis-à-vis Black epistemologies, which unthine neo-Victorianism's dominant spatial and temporal axes and reroute them to conceive of the (neo-)Victorian through Blackness"--

Victoriana is the poetry of times past. Children run in the fields of wildflowers. The seasons' many colors have found their voice at last, with dedicated romance. From celebrated author and artist Emily Isaacson, we are given a breath of fresh air of all things Victoria in her work of art in three sections. From flowers arranged, to gingham aprons, nostalgia rules this era. Victoriana by Isaacson is a revisiting of Victorian times, and their three tier influence on modern day relationships: decor, art, and thought. She is the creator of many quotable moments on the road to Victoria.

Black Neo-Victoriana is the first book-length study on contemporary re-imaginings of Blackness in the long nineteenth century. Contributions engage with novels, drama, film, television and material culture, while also covering cultural formations such as Black fandom, Black dandyism, or steamfunk.
